**The speed and ease-of-use of OmniMD™ EHR has allow us patients more quickly and efficiently. ( Susan Conforti, Office Manager)**

Nassau South Walk-in Medical Urgent Care is open 7 days a week, with extended hours during the week, and has 2 locations in the Oceanside, NY, and Massapequa, NY. Their walk-in facilities provide comprehensive healthcare services for a wide range of medical conditions, for both insured and self-pay patients in Baldwin, Rockville Centre, Freeport, Lynbrook, Valley Stream, East Rockaway, Island Park, Long Beach, Wantagh, Seaford, Merrick, Bellmore, Massapequa Park, Hicksville, Amityville, Levittown, Farmingdale, and Bethpage.

Nassau South Walk-in Medical Urgent Care is a neighborhood urgent care practice specializing in occupational medicine, travel medicine, injuries, vaccinations, and onsite X-rays as well as lab services without the lengthy wait and expense of an emergency room trip 7 days a week.

## Challenges

With 25,000 patient visits per year and a rapidly growing patient population, Nassau South Walk-in Medical Urgent Care did not have the option of using paper medical records. “The speed and ease-of-use of OmniMD™ EHR has allowed us to see patients more quickly and efficiently,” said Susan Conforti, Office Manager. “OmniMD™ Urgent Care EHR has helped us to streamline all of our processes, reduce patient visit times, and eliminate all paper from our practice. It has made us a more efficient and profitable practice.”
